MESSAGE FROM THE SHERIFF

As Sheriff of Seneca County, it is my pleasure to present the 2023 Annual Report. Sheriff's have been serving Seneca County since 1824 and I am honored to be serving as your 45th Sheriff.

This report highlights the statistical data for each division of the Sheriff's Office and helps to show that, here in Northwest Ohio, there is no greater place to live, work and raise a family. One of our ongoing year-to year goals is to prevent or reduce the crime stats and increase the public assistance stats and be more interactive with our community.

In 2023, the Seneca County Sheriff's Office continued to deliver the high level of services citizens have come to expect in the last several years, while working on numerous improvements in the face of a unique work environment, both in the office areas and out in the community. The work of the Sheriff's Office continues through all hours, weather, and many other adversities, thanks to the professionalism and dedication of our great team and its members.

Also in 2023, the Sheriff's Office continued with several initiatives and projects as we looked to improve our service and efficiency. Some of the more notable efforts were:

* Continued through the Jail block areas and cleaning and maintaining the ones that were left from the start of this multi-year program. So since winter of 2021, winter of 2022 and now the winter of 2023 we have addressed the repairs, painted and improved on the various blocks of detention in the jail area. This will now be a yearly maintenance issue to touch up or address as we go forward and find any issues rather than leave it for years to address.

* Started the implementation at the end of 2023 of new Jail Tracking Software called Guard1(https://www.guard1.com/applications/corrections/) that will empower our correction officers to get more done as it will be a real-time guard tour system that handles well-being checks, suicide watches, rounds, and inspections. Everything is electronically logged with timestamp/date and makes for a much more transparent and accountable system over paper system that has been the old way since this jail opened in 1996. Jail inspectors will have a much easier time for all of our future Jail Inspections. This switch over is yet another initiative to help reduce our liability in the jail.

* Upgraded and enhanced the capabilities of the Jail Medical area with new equipment, software and personnel. This includes a full-time mental health case-worker to address the large amount of mental health issues we are experiencing. It is a known fact that every jail/prison is feeling the pressure to address their increased mental health issues. This is NOT a state mandate (yet) so we are ahead of the curve in this regards. This is established through a local grant from our Mental Health Board.

The Sheriff's Office is looking forward to 2024, and the challenges that this will bring. We continue to focus on building relationships with partner agencies in law enforcement, emergency medical/fire services, emergency management, village, township, city & county government officials and the Seneca County community in general.

Respectfully,

Fredrick W. Stevens

The Ohio Sheriff

The Sheriffs of America have played a significant role in the history of our Nation, and the Sheriffs of Ohio are no exception to this heritage. A brief study of the history of Ohio reveals that Ohio Sheriffs have contributed greatly to the development of the Buckeye State. Until Ohio achieved statehood in 1803, the position of Sheriff was filled through appointments made at the pleasure of the Colonial Governor. The first Sheriff on the record in Ohio was Colonel Ebenezer Sproat. At the time he was appointed in 1788, Colonel Sproat's jurisdiction covered all of Washington County. This enormous area of land included all of eastern Ohio from the Ohio River to Lake Erie.

After statehood became a reality, only three public offices in Ohio were filled through the electoral process system. The position of Sheriff was one of them. Through this new system, William Skinner became the first elected Sheriff in the Buckeye State. Since the early 1800's, Ohio Sheriffs have been elected on the county level by the people they serve. By virtue of this process, this office has become the oldest law enforcement position in the United States. It is also the only remaining law enforcement office which is filled through the election method. The term of office for County Sheriffs in Ohio is four years.

In each of the 88 counties of Ohio, the Sheriff is the chief law enforcement officer. Their primary duties are to provide common pleas court services and corrections on a countywide basis, and full police protection to the unincorporated areas of the county. However, they also maintain full police jurisdiction in all municipalities, townships, and villages. In an effort to become consistent on a statewide level, Ohio Sheriffs and Deputies wear a standardized uniform, and all patrol vehicles are marked in the same manner.

Within Ohio, Sheriff's Offices have probably one of the most extensive sets of responsibilities to those they serve. By statute they must provide:

Law Enforcement Services Throughout the County	Extradition Process
Court Security	Jail Operations
Service of Papers (Civil, Criminal, Subpeonas, etc.)	Transportation of Prisoners

The Office of Sheriff is one of antiquity. It is the oldest law enforcement office known within the common-law system and it has always been accorded great dignity and high trust. For the most part, the Office of Sheriff evolved out of necessity. Were it not for laws which require enforcing, there would have been no necessity for the Sheriff. There would have been no need for the development of police administration, criminology, criminalists, etc. This is not the case, however. Man learned quite early that all is not orderly in the universe. All times and all places have generated those who covet the property of their neighbors and who are willing to expropriate this property by any means. As such, man's quest for equity and order gave birth to the Office of Sheriff, the history of which begins in the Old Testament and continues through the annals of Judeo-Christian tradition. Indeed, there is no honorable law enforcement authority in Anglo-American law so ancient as that of the County Sheriff. And today, as in the past, the County Sheriff is a peace officer entrusted with the maintenance of law and order and the preservation of domestic tranquility.

Sheriffs have served and protected the English-speaking peoples for a thousand years. The Office of Sheriff and the law enforcement, judicial and correctional functions they perform are more than 1000 years old. The Office of Sheriff dates back at least to the reign of Alfred the Great of England, and some scholars even argue that the Office of Sheriff was first created during the Roman occupation of England.

Around 500 AD, Germanic tribes from Europe (called the Anglo-Saxons) began an invasion of Celtic England which eventually led over the centuries to the consolidation of Anglo-Saxon England as a unified kingdom under Alfred the Great late in the 9th Century. Alfred divided England into geographic units called "shires", or counties.

In 1066, William the Conqueror defeated the Anglo-Saxons and instituted his own Norman government in England. Both under the Anglo-Saxons and under the Normans, the King of England appointed a representative called a "reeve" to act on behalf of the king in each shire or county. The "shire reeve" or King's representative in each county became the "Sheriff" as the English language changed over the years. The shire reeve, or Sheriff, was the chief law enforcement officer of each county in the year 1000 AD. They still have the same function in Ohio in the year 2023AD.

The concepts of "county" and "Sheriff" were essentially the same as they had been during the previous 900 years of English legal history. Because of the English heritage of the American colonies, the new United States adopted the English law and legal institutions as its owner.

Clearly, the Sheriff is the only viable officer remaining of the ancient offices, and his contemporary responsibility as conservator of the peace has been influenced greatly by modern society. As the crossbow gave way to the primitive flintlock the Sheriff is not unaccustomed to change. But now, perhaps more than ever before in history, law enforcement is faced with complex, moving, rapid changes in methodology, technology, and social attitudes. As Thomas Jefferson wrote in his THE VALUE OF CONSTITUTIONS, "the Office of Sheriff is the most important of all the executive offices of the county."

The office of Sheriff is certainly significant, and was in fact the first county office established in the United States. Some very outstanding Americans have held the office of County Sheriff, from the earliest days down to our present era. George Washington's father was an early Sheriff in Colonial Virginia. The history of the position and functions of a Sheriff, prior to establishment of the position in America, can reportedly be traced to provisions of the Magna Carta in England, in the year 1215.

2023 was a turn around year for the jail. Getting up to full strength in all areas was a focus since 2021 and by the end of the 2023 year we are just a few personnel short of that goal.

We also saw more Federal Inspections and passed them all again. Of special note, each inspection we had commented on the cleanliness and quietness of our jail and how professional the staff were. We continued the deep cleaning of the pods with painting and fixes to issues that have accumulated over the years/ decades. This will be an ongoing process with yearly touchups over the winter months by the workcrew which saves us money.

The initial steps in replacing the Boiler/Air Handler systems was undertaken with both projects scheduled to kick off in mid 2024.

The jail kitchen department is a vital department within our office. It has 5 full-time employees and 1 part-time employee and is a 24/7 365 service. They are required to provide 3 meals a day to the inmates and have further state requirements when it comes to caloric intake, special diets, etc. They also provide 3 meals a day for the Seneca County Juvenile Detention Center residents.

These women are the behind the scenes heroes as they come in everyday, rain or shine, sleet or snow and make sure that the over 182,000+ meals a year are served. This department passes all local, state and federal inspections with flying colors and they all take great pride in not only the cleanliness of the kitchen but the quality of food served all while keeping the costs below $2 a meal. This is NOT an easy task in today's supply issues and inflation problems.

The Medical Department has been revamped to bring it up to State & Federal standards and has been an ongoing project since coming into office in 2021. Records, procedures, policies, technology and manpower have been poured into the Medical Dept. so that we are providing the best care that we can for inmates. This has been and will always be a huge liability for the county and essentially for the county taxpayers. That is why it has been crucial to get it right.

On average our Medical Department passes medications to 68 inmates a day (over the counter and prescription meds). Mental Health medications make up more than half of that number. We are reimbursed by the State of Ohio for all Mental Health meds. Medical conducts sick call several times a week in which they see an average of 36 inmates a week (nurse + doctor sick calls).

The jail physician comes to the jail at least once a week and sees an average of 6 inmates per week. Those inmates are escorted to medical by an officer and it takes time and manpower. The medical department consists of 2 RN's and 1 LPN and 3 Medics to meet the increased needs.

In 2021 the jail area was doing about 20 hours a week with some mental health care. It was quickly assessed that this was woefully short when it comes to being able to provide the necessary mental health services that were desperately needed.

In 2022-2023, we partnered with the Seneca County Mental Health and Recovery Services Board and Firelands Counseling and Recovery Services and was able to obtain a 32 hour a week case manager who would be inside our facility M-T-W-F and able to refer services to individuals or take care of their problems.

In addition, we have a licensed therapist who comes in once a week, on Thursdays, who is available for the inmates mental health.

Currently we have an in-take case manager who refers newly processed inmates to the mental health services and has expanded her role to include more educational aspects such as our GED program and the ability to actually take the GED test WHILE an inmate is here at our facility. Studies have shown that the closer to the testing once the program is complete the better the percentage of passing it.

The Seneca County Sheriff's Office is committed to ensuring that mental health services is a priority.

MENTAL HEALTH Cont....

In July of 2023, the Seneca County Sheriff's Office partnered with the Mental Health and Recovery Services Board of Seneca County to provide Mobile Crisis Response Team (MCRT) services for citizens that may experience a mental or drug/alcohol related crisis. The goal of the program is to reduce the time spent taking the crisis calls, responding to the crisis calls, providing proper mental health assistance to individuals in need, and tying up Law Enforcement Services and "off-loading" them to the MCRT.

Too often, our deputies are responding to mental health crisis situations that even though they have SOME training in dealing with mental health situations, de-escalation, and crisis intervention training, are just beyond what we do or should be doing.

Through this partnership with MCRT, our deputies are able to call MCRT and ask for assistance. MCRT can arrive at the scene and provide adequate services and support to the individual experiencing a crisis. Our deputies can leave knowing that the person is getting the necessary help from professionals specifically trained for these type of situations.

In certain situations, the MCRT can be directly dispatched without a deputy involved. What we have found, and what was hoped for, is that some calls are disappearing off the radar for our dispatch and those individuals, used to calling 911 or our general line repeatedly, are now calling MCRT directly!

This is a huge relief on our public safety services and the half a year numbers shown below should show our residents that this type of collaboration works and is ultimately a win-win by saving money/resources and at the same time providing a better service to the at-crisis individuals/families that call our agency for assistance/help.

Seneca County Sheriff's Office provides an inmate work crew who are selected through an application and interview process. They do work inside and outside of the jail facility and are supervised by an armed deputy at all times.

In 2023 the work crew worked an average of 7 hours a day and had an average of 3 inmates working each day.

The project list is diverse that they do outside of the jail and inside the jail they typically do clean up, painting, light construction, landscaping, weed eating and various other internal projects to keep our facility clean and looking professional.

For the outside projects they can only be utilized for other governmental agencies or charity entities and not for private businesses.

Typically they do inside projects at the jail or other facilities like painting, stripping and waxing floors, demo work, etc. during the winter months of November through March. In April through October they are on a heavy schedule of outside work for various villages, townships, cities and throughout the county for county projects.

In 2023 a total of 302 inmate work crew applications were submitted and 157 were accepted. Of that 114 were for kitchen work and 43 were for outside work crew.

In 2023 the work crew worked a total of 237 days and 4,975 hours for the year.

That is an average of 19.75 days per month and 414 hours per month.

Agencies/Entities that the work crew did work for:

The Seneca County Sheriff's Office, is responsible for serving a geographical landmass of approximately 552 square miles. The Enforcement Division's primary function *is* law enforcement operations, answering emergency and non-emergency calls for service, to include being responsible for traffic law enforcement throughout the county.

For 2023, the Enforcement Division handled 16,540 calls for service and remains the most visible division of the Seneca County Sheriff's Office. The Enforcement Division consists of Deputy Sheriff's serving the county in as much of a proactive approach to problem solving and community policing that they can with the manpower available. They utilize the P.O.P. or Problem Oriented Policing technique, where we try to get to the root of the problem instead of just handling the call and having to keep returning.

The deputies are responsible for answering calls for service county wide and these calls can include everything from serious felony crimes to assisting residents with minor problems at their home to non-criminal civil type matters. All of which take time.

The Enforcement Division investigates crimes, safeguards property, and respond to complaints and accidents. We also assist Federal, State and other local agencies when requested. Deputies are also responsible for the service of subpeonas, warrants, summons and other legal documents issued by the courts. These activies occur around the clock, 365 days a year in rain, sleet, snow and heat.

Below are just *some* highlights from the 2023 calls for service:

The Seneca County Sheriff's Office Enforcement Division is comprised of several areas of criminal investigation. In general, the bureau is assigned to investigate felony-level crime which means any crime of a more serious nature. Within this wide spectrum, detectives are trained to investigate specific types of crime relating to narcotics, computers, burglary, murder, death scenes, sexual assault, white collar theft, fraud, arson and many other areas of criminal activity. We currently have 3 Detectives assigned to the Detective Bureau, one is assigned to the Enforcement Division, one is assigned to the Dept. of Job & Family Services to handle any crimes and to investigate fraud (this position is funded through JFS/ State Grant) and one is assigned to the Metrich Drug Task Force. All of them are utilized if we have a major case or incident that would require more resources than normal.

In 2023 the Detective Bureau at the Seneca County Sheriff's Office handled 68 investigations/calls. Of those 68 investigations, 39 are closed with another 12 closed from previous years for a total of 52 closed, leaving 29 open/on-going/pending in court.

Highlights:

2021- 7 Cases were closed in 2023; 3 sex crimes, 1 B&E, 2 wire frauds and 1 theft.
2022 - 6 cases were closed in 2023; 2 sex crimes, 1 juvenile with suspicious injuries, 1 motor vehicle theft, 1 theft and 1 overdose death
2023 - 134 forms/cases for Project Lifesaver were pulled.

-24 Indictments
-16 cases presented to County Prosecutor
-17 Search Warrants

The E-SORN (Electronic Sex Offender Registration and Notification System) was developed in response to Megan's Law, passed in 1994, which prompted the passage of 'The Jacob Wetterling Act', in addition to the Federal Crime Act. This legal addition to existing law required all states to pass a sex offender registration and notification law. To date, all 50 states have a sex offender registration law.

The Ohio version of Megan's Law is called the Electronic Sex Offender Registration and Notification (ESORN) law. Ohio's law requires that all sex offenders, including those already incarcerated, be classified by their sentencing judges into one of the below classifications, each of which dictates the registration and notification requirements to which the offender is subject. Since January 1997, all convicted sex offenders have been, and continue to be, subject to the registration requirements of the law.

This law was revised on July 31, 2003, with the passage of Senate Bill 5, which developed new classifications of offenders and strengthened the current SORN Laws in Ohio. Any person convicted of certain sex offense violations of the Ohio Revised Code or similar laws of another state may be determined by the court to be required to register as a sex offender.

The latest revision, Senate Bill 10, went into effect January 1, 2008. Passage of this law ensures Ohio is in compliance with the recently enacted federal law called the Adam Walsh Act (AWA). The major change in the law requires the Ohio Attorney General to reclassify every current offender under the Tier system and also change the reporting requirements for each offender. Classifications under the Tier system are based solely on the specific crime the offender was convicted of. Sex offenders are classified as: 1) Tier 1 Offenders, 2) Tier 2 Offenders, and 3) Tier 3 Offenders.

Offender Requirements:

1. All registered sex offenders must report at the scheduled intervals based on their classifications. In addition, they must report any change in address within three days to the Sheriff of the county in which they reside.

2. All registered sex offenders must report to the county Sheriff immediately upon entering the county to attend school.

3. All registered sex offenders must register with the county Sheriff where the offender has been employed in the county for more than 14 days or for a total of 30 days or more in a calendar year, regardless of where the offender lives.

4. All registered sex offenders must report to the county Sheriff all vehicles registered to them.

5. All registered sex offenders must report to the county Sheriff any Internet or e-mail addresses to which they have access.

6. All registered sex offenders must report to the county Sheriff any location where they serve as a volunteer.

Current Classifications:

Tier 1 Offender

A Tier 1 offender is subject to the registration/verification requirements annually for a period of 15 years following their initial registration. These offenders are not subject to neighborhood/community notification. A $25 fee per registration may be collected by the Sheriff for a maximum of $25 per year.

Tier 2 Offender

A Tier 2 offender is subject to registration/verification requirements every 180 days (six months) for a period of 25 years following their initial registration. These offenders are not subject to neighborhood/community notification. A $25 fee per registration may be collected by the Sheriff for a maximum of $50 per year.

Tier 3 Offender

Offenders designated as a Tier 3 Offender are subject to registration/verification requirements every 90 days for life. **Tier 3 offenders are subject to the neighbor/community notification provision, which includes all residents within a 1,000 foot radius of where the offender is residing.** A $25 fee per registration may be collected by the Sheriff for a maximum of $100 per year.

Tier 3 Juvenile Offenders are now eligible to be placed on the public website only if the Juvenile Court where the offender was classified orders that the juvenile be considered “Public Qualified”. In addition, the Court must also determine if “Community Notification” is to be made on Tier 3 Juvenile Offenders.

Search information for sex offenders can be obtained from the Sheriff’s website at https://senecacountyso.org/sso/sex-offenders or on our Sheriff’s APP for your phone. You can sign up to receive e-mail alerts of any offender who moves within a specified radius of any registered address in the state of Ohio. You can also search for offenders living within a specified radius of a searched address.

The Seneca County Sheriff's Office Communications Division is responsible for receiving and dispatching calls for service (including 9-1-1 calls), as well as dispatching for Twenty-two (22) Fire and EMS Departments and three (3) law enforcement agencies in addition to the Sheriff's Office.

They also serve as the back-up Public Service Answering Point (PSAP) for the city's of Fostoria and Tiffin dispatch centers. They provide emergency contact services for such groups as the Game Warden, Dog Warden, Humane Society, Water Rescue Teams, SRT/CNT/DRONE teams and County Emergency Response Team (CERT), just to name a few.

The dispatchers on duty monitor five (5) phone lines (which include 2, 9-1-1 lines), multiple radio frequencies, TDD, business or home alarms received by phone, LEADS computer notifications and alerts, weather and tornado sirens, Life-Flight computer, and greet the public for walk-in complaints or concerns. They handled 294 Walk-In complaints for 2023.

They are also responsible for the processing and validation of ALL arrest warrants on file at the Sheriff's Office.

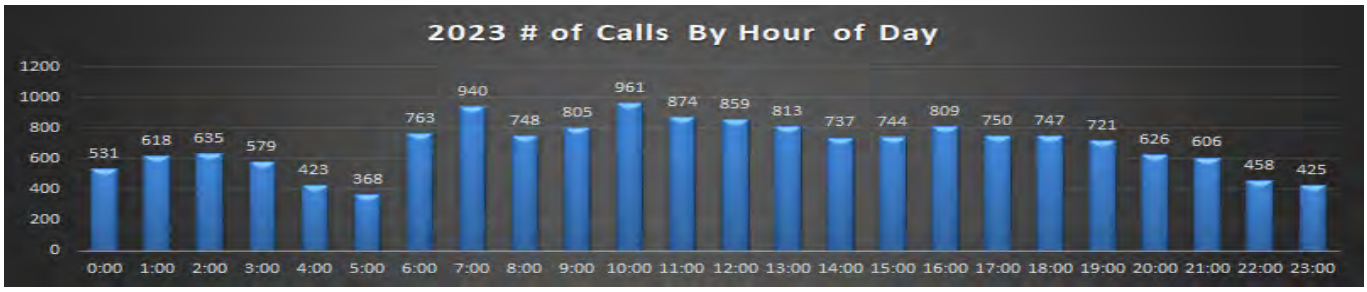
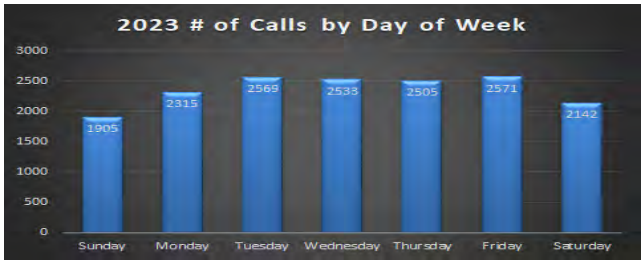
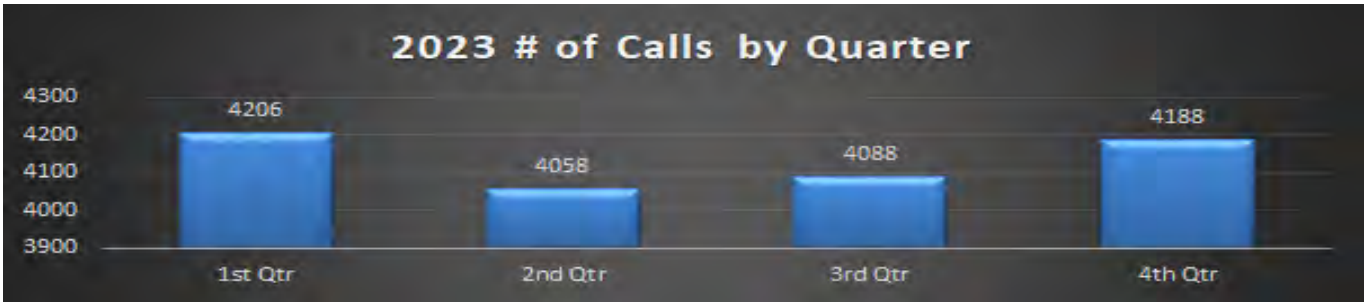
2023 Calls for Service Stats







11 Year Comparison of Stats

As you can see by the data, 2023 was another very busy year. For comparison, here are some statistics from the last 11 years. We are asking our Enforcement Deputies to do more and we are tracking that workload to be able to give a fair and accurate reflection of what we do. This helps to show the true need for manpower, resources, equipment and funding.

Accurate statistics are very important in showing the amount of workload that is done each year and why it is important to have the proper amount of personnel to not only handle all of the calls but to have those additional personnel to cover for sick time, vacations, FMLA's, leave days, etc. so that you don't have burnout and turnover from worn out employees being asked to do more with less. With the cooperation of the County Administrator and County Commissioners we were able to increase the Enforcement Deputies by a couple more and that is getting us to where we need to be at for adequate manpower allocation based on statistical data, not to mention the very large geographical area and having to get from point A to point B in a timely manner.

In 2023, Deputies responded to a total of 16,540 Calls for Service throughout the 552 square miles of Seneca County. Of that number, 9,727 Calls for Service were calls responded to in the 15 townships that makeup Seneca County. 6,813 calls were either in Villages or assisting Fostoria or Tiffin Police Department's or calls in unincorporated areas.

In 2023, we continued to make sure ALL of the townships were patrolled as best we could and as the 2021-2023 chart shows, we have increased our presence in ALL 15 Townships. The Sheriff or a representative made at least one or two township meetings to touch base with the Trustees and listen to any concerns.

2023 OFFICE AWARDS

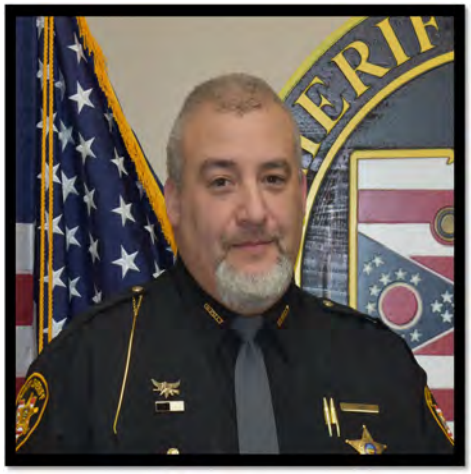
The Seneca County Sheriff's Office (SCSO) gives out awards throughout the year in recognition of our employees for their exemplary service to the County and our residents.

An array of awards, from years of service to employees of the year, to safe driving were given to staff members.

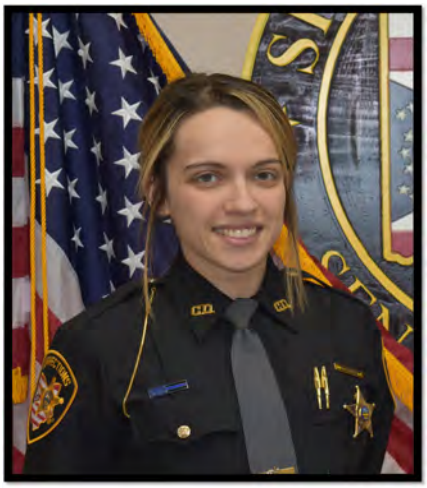
In 2023, we had employees earn five (5), Ten (10, Fifteen (15) and twenty (20) year service awards.

There were numerous letters of appreciation and commendation throughout the year.

Thank you to these employees for their continued dedication to the SCSO and this community!



Deputy Luke A. Cantu
Deputy of the Year



C/O Alyssia M. Hammons

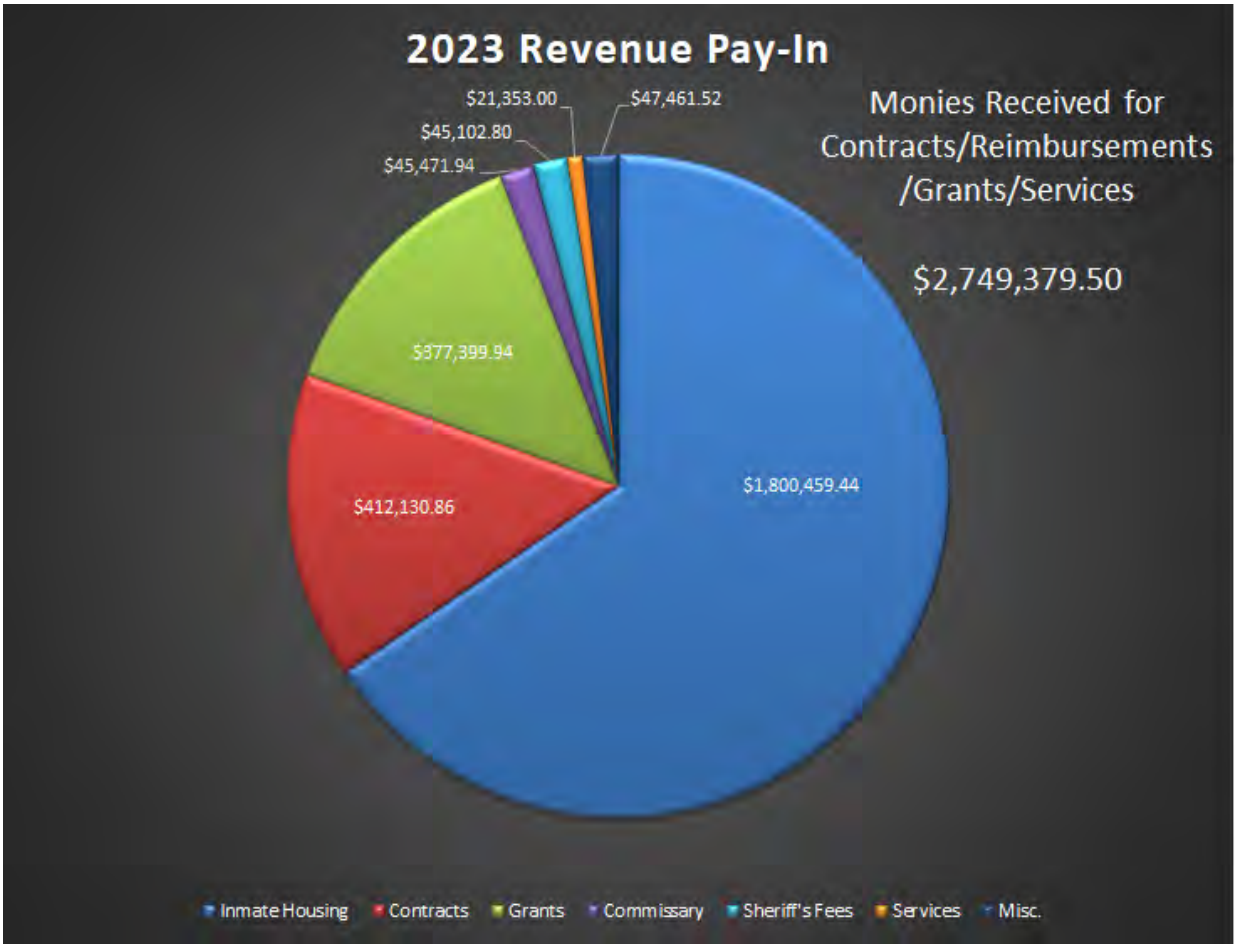
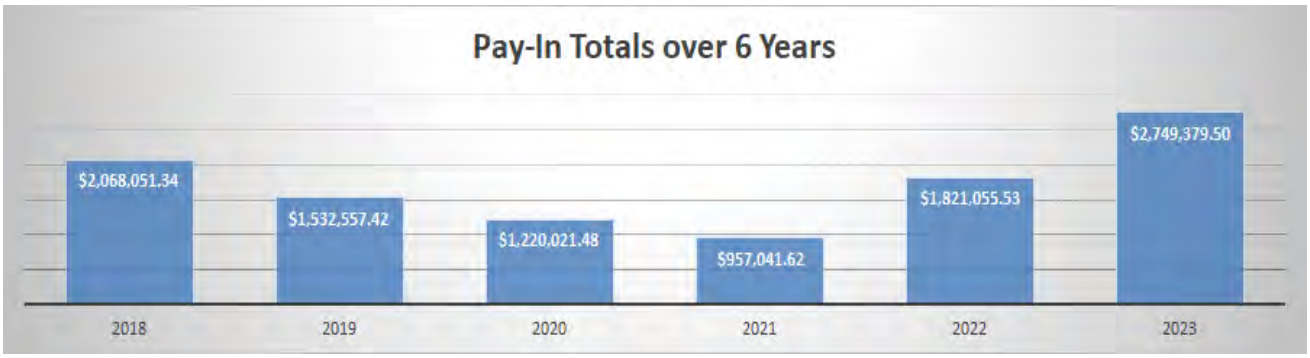
2023 General Revenue Fund Pay-In

The graph below shows revenue paid back into the General Fund collected by the Sheriff's Office for 2023.

This revenue is from numerous sources and we are committed to looking for new ways to increase the revenue to help offset the Sheriff's Office budget when and where possible.

This includes reviewing current contracts, seeking other contracts, increasing fees when possible, looking for federal, state & local partners for housing inmates/detainees and researching potential grant opportunities.

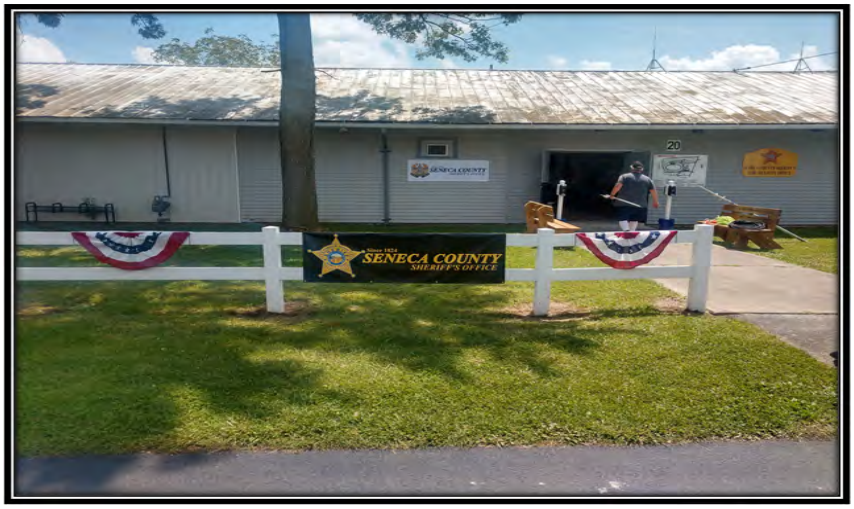




RESERVE DEPARTMENT

The Seneca County Reserve Deputy Program is a vital resource for our agency. It is made up of retired and long time Reserve Deputies who pledge to assist our agency throughout the year. This could be in the form of riding with other deputies, working a parade, working multiple shifts throughout the week long county fair, working festivals and concerts, filling in for any off-duty work that full-time deputies cannot work, etc.

Our Current Reserve roster is made up of 21 Deputies and they qualify and do the Continuing Professional Training that is required of our Full-Time Deputies. They have monthly meetings and we certainly appreciate the time and dedication they give to this agency and the volunteer hours they put in!



FREDRICK SHERIFF STEVENS

Deputy Mark J. Lawson

In 2023 we had one long time employee retire that had a combined experience of 32 years!

In 2024 we have several more employees eligible to retire.....stay tuned.

FREE SHERIFF MOBILE APP

Seneca County, Ohio – The Seneca County Sheriff's Office has a new iPhone and Android mobile app which will provide the public direct alerts of police activity, snow road closures, motor vehicle accidents and more. The app was released, December 15th, 2021 and is available to download for FREE on all platforms. Sheriff Fredrick W. Stevens is pleased to announce the release of this app. "The FREE app releases important and critical information in a timely manner and allows the community to stay connected with the Sheriff's Office", said Sheriff Stevens.

With the touch of a screen, users can view breaking weather news, crime reports and press releases from the Sheriff's Office. Components in the app include a list of the Seneca County's Most Wanted Fugitives along with their names, photos and offense(s). The app also links the user to Seneca County Inmates at the Jail and information on area registered sex offenders.

App users can send the Sheriff's Office anonymous tips by using the "Submit a Tip" tab. Tips can be sent by calling or emailing; the exact location can be sent if the location settings are turned on by the users. Users can send pictures with their tip, no worries this information is confidential unless the user wishes to provide their contact information. "Any actual emergency should still be reported via 911", said Sheriff Stevens.

Where Am I? allows users to share their location with others, if they are lost! Other important features include Join Our Team, Sheriff Sales and Conceal Carry information.

"We have created this new mobile app as a service to our county and to be as transparent as possible", said Sheriff Stevens.

So, please encourage every resident and business owner to download the app today. Our goal is to stay connected and engaged by making Seneca County a safe and enjoyable place to live, work and visit. Please take a moment to share the app with your family, friends and co-workers.
